

7thAnnual Multidisciplinary Uro-oncology Congress 2025
Espinas Palace Hotel, (10th-12th September 2025) -(19th-21th Shahrivar 1404)

“Scientific Programme”

First day: Wednesday –19th Shahrivar, 1404 (10th September 2025)
(Parseh Hall 2)

Quran Recitation, National Anthem		8:00- 8:15
Chairmen		
8:15-10:30		
Hall Manager:		Session I: Prostate & Bladder Cancer
Time 8:15-08:30	Incorporating MRI findings into active surveillance: Are systematic biopsies still needed?	
Debate Moderator: 8:30-9:00	<u>Active Surveillance Is Still Underused?(PCa)</u> Pro: Active surveillance is safe and underutilized Con: We're underestimating risk in some men Live Poll	
Panel discussion 9:00-10:00 Moderator:	<u>Surgery vs Radiation – What’s Best and for Whom? (PCa)</u> <ul style="list-style-type: none"> • Oncological outcomes following radical prostatectomy • Oncological outcomes following radiation therapy • Quality of life following radical prostatectomy • Quality of life following radiation therapy • Cost , Access and availability 	
10:00-10:15	Can we be less active in PCa surveillance ?	
10:15-10:30	Optimal Therapy for patients with T0 after Neo adjuvant Chemotherapy in Bladder Cancer?	
Inauguration 10:30-10:40	IAU President: Congress President: President of the research Center: Congress scientific secretaries:	
10:40-11:15	Break	

**First day: Wednesday –19th Shahrivar, 1404 (10th September 2025)
(Parseh Hall 2)**

Chairmen:	
11:15-13:15	Session II: Prostate & Bladder cancer
Panel discussion: 11:15-12:15 Moderator:	<u>Sequencing Systemic Therapy – A Messy Map (PC)</u> <ul style="list-style-type: none"> • Therapeutic approaches in CSPC(M0,M1) • Therapeutic approaches in CRPC(M0,M1) • Can Enzalutamide be the First Therapeutic Option • Role of Radio ligand • Role PARP inhibitors
Time: 12:15-13:15 Moderator:	<u>Oligometastasis Bladder Cancer (Case- Based Discussion)</u> <ul style="list-style-type: none"> • Defining Oligo metastatic Bladder cancer • Role of imaging • In which cases is surgery the best option? • In which cases should we consider radiotherapy? • Should we add systemic therapy?
13:15-14:15	Pray & Launch

**First day: Wednesday –19th Shahrivar, 1404 (10th September 2025)
(Parseh Hall 2)**

Chairmen:	
14:15-17:30	
Hall Manager:	Session III:, Testis & Penile cancer
Time: 14:15 -15:15 Moderator:	<p><u>Management of stag II seminoma and non seminoma germ cell tumor</u> <u>(Case Based Discussion)</u></p> <ul style="list-style-type: none"> • Stage II seminoma management • Stage II non seminoma management • What’s new on EAU guideline? • The role of nuclear imaging in seminoma • The role of chemoradiotherapy in seminoma
Time: 15:15-15:45 Moderator:	<p><u>Penile Cancer</u></p> <ul style="list-style-type: none"> • How to clinically approach to penile cancer? • The Role of PET for Penile Cancer • How to surgical management of penile cancer? • HPV and penile cancer • The role of immunotherapy for penile cancer
15:45-16:00	The role of ERAS in radical cystectomy (What is new)
Time: 16:00-17:00 Moderator:	<p><u>Navigating PC- RPLND in Pure Seminoma: (Case-Based Discussion)</u></p> <ul style="list-style-type: none"> • Navigating role of imaging & AI on residual masses in seminoma • Viable seminoma or fibrosis decision making in PC-RPLND • EAU perspective on PC-RPLND in marker negative seminoma • Surgical strategy & oncological outcomes • PET when & why

Second day: Thursday –20th Shahrivar,1404 (11th September, 2025)
(Parseh Hall 2)

Chairmen:	
08:15-10:45	
Hall Manager:	Session I: Bladder & Kidney Cancer
08:15-08:30	How to manage and avoid GI complications in patients following radical cystectomy?
Debate: 08:30-09:00 Moderator:	<p><u>Locally advanced / metastatic RCC</u></p> <ul style="list-style-type: none"> • Neo adjuvant therapy is the future for locally advanced RCC • Neo adjuvant therapy is not ready for routine use. • Live Poll
Lecture: 09:00-9:15	Variant histology of the bladder urothelial cell carcinoma and aggressive pathologies in renal cell carcinoma
Debate: 9:15-09:45 Moderator:	<p><u>Small low grade Upper tract TCC in a single kidney</u></p> <ul style="list-style-type: none"> • Ureteroscopy and laser • Radical nephroureterectomy • Live Poll
Time: 09:45-10:45 Moderator:	<p><u>BCG Unresponsive (Case -Based Discussion)</u></p> <ul style="list-style-type: none"> • Definition • Surgical approach • Systemic treatment • Bladder sparing treatment.
10:45-11:15	Break

Second day: Thursday –20th Shahrivar,1404 (11th September, 2025)
(Parseh Hall 2)

Chairmen:	
Time 11:15-11:45 Moderator:	Uro-Oncology Research Center Residency Competitio
11:45-12:00	Analysis of metabolic profile of patients with incidentaloma What urologist should know?
12:00-13:15	Acknowledgement
	Take Memorable group Photo
13:15-14:30	Pray & launch

Second day: Thursday –20th Shahrivar,1404 (11th September, 2025)
(Parseh Hall 2)

Chairmen:	
14:30-16:45 Hall Manager: Session III: Kidney & Bladder Cancer	
Time 14:30-15:30 Moderator:	<u>Management of recurrence after curative surgery of kidney cancer. (Case Based Discussion)</u> <ul style="list-style-type: none"> • Surveillance strategy post radical nephrectomy • Surgical approach • Systemic treatment • Radiotherapy • Ablative treatment
Lecture: 15:30-15:45	Navigating treatment pathway for isolated pelvic recurrence post cystectomy
Panel Time: 15:45-16:45 Moderator:	<u>3 cm small renal mass on healthy young male</u> <ul style="list-style-type: none"> • Active surveillance how safe is safe? • Partial nephrectomy • SBRT the new kid on the block • Ablative techniques current indications.

Third day: Friday –21th Shahrivar, 1404 (12th September, 2025)
(Parseh Hall 2)

Chairmen:	
08:15-12:00	
Hall Manager: Session I: Kidney & Testis Cancer	
Time 08:15-08:30	Imaging in localized Renal Cancer: role of AI on diagnosis of localized renal cancer
Moderator: 08:30-09:00	<u>Pediatrics Urological Tumors in Children</u> .Wilms Tumor :radical nephrectomy Vs. partial nephrectomy (08:30-08:45) <u>Testis Tumor</u> ."when it`s Not Wilms: Diagnostic challenges in Pediatric Renal Tumors "(08:45-09:00)
09:00-10:00	APCCC
10:00-10:30	Break
Chairmen:	
Debate 10:30-10:45 Moderator:	<u>Bladder Preservation Vs Radical In T1G3</u> <ul style="list-style-type: none"> • Bladder preservation • Radical in T1G3 • Live Poll
Time: 10:45-11:00	Robotic radical cystectomy with orthotopic neobladder in female
Session II: Forensic Medicine in Urology	
Time 11:00-12:15 Moderator:	Case Based Discussion
